

The MOOver

Operating since 1996, the MOOver public transit system features uniquely-Vermont, Holstein cow designed buses. Last year we provided over 209,000 rides throughout the Mount Snow Region to a wide variety of residents and visitors. We travel over 12,700 hours and 246,000 miles per year.

Mobile Outdoor Billboards

MOOver buses are large outdoor moving billboards. With our Holstein-spotted motif, your message will stand out more than ever. Our eye-catching buses travel throughout the region, providing impressions to over a million skiers, riders, tourists, and locals.

Why A Mount Snow Region Sponsorship?

By purchasing a side or rear window of the bus, sponsors receive:

- Impressions by drivers and riders who see our buses as they travel over 246,000 miles and 12,700 hours annually
- Impressions by the 209,000 locals and visitors who ride our buses annually

The MOOver Sponsorship Design Specs

The MOOver does not sell advertising but sells sponsorships. Sponsorship messages may contain your company's name, logo, address, phone number, website address, a neutral description or list of products or services, and logos and slogans that are an established part of your company's identity. No price information or comparative language is allowed. The MOOver reserves the right to refuse a sponsorship request and to refuse an individual message presented by a sponsor.

Sponsors provide a hi-res PDF based on our specifications. Pricing includes production of size appropriate perforated vinyl window, shelter, and interior graphics plus installation on all buses and the eight shelters.

Files for each window must be vector files to be opened in Adobe Illustrator or a high res image in Adobe. Allow a 1" bleed around all sides for accurate fit of the message onto the window.

- All fonts must be outlined
- Any images need to be a minimum 150dpi
- All images need to be embedded or sent separately
- The fleet has different vehicle and window sizes available upon contract signing

SPONSORSHIP MESSAGES WILL NOT BE ACCEPTED IF THEY:

- Embody, reflect, imply or otherwise create an appearance of an endorsement of a particular political body or candidate.
- Reflect, imply, or otherwise express a viewpoint on controversial issues of public importance or interest.
- Are inconsistent with The MOOver's nonprofit mission.
- Will tend to jeopardize The MOOver's sources of funding for its public services and other activities.
- Manufacture or advocate for tobacco, alcohol or firearm products, vaping, or illegal drugs.
- Are of a sexual nature or promoting and marketing sexually oriented materials, services or products.
- Contain qualitative or comparative language, price information or other indications of savings or value, endorsements, or inducements to purchase, sell or use the products or services.
